Government vide GO (Rt) No.112/2014/WRD dated 31/1/2014 had ordered to adopt CPWD data and SOR and National Building Code guidelines in Water Resources Department. Hence separate order is not required for adopting relevant DSR and cost index. The field officers have informed their difficulties in adopting current DSR and cost index for the already sanctioned works, as it may result in increase in Administrative Sanction amount or change the scope of the work. Hence in the case of works for which Administrative Sanction/Financial Sanction has already been obtained, the same DSR taken while obtaining Administrative Sanction/Financial Sanction and the relevant Cost Index shall be adopted without affecting the scope of the work. For the new works, the current DSR and cost index shall be adopted.
